

The Patient Journey – The Wharfedale Clinic, Guiseley, Leeds

We have currently relocated our Leeds, David Lloyd Clinic as the club has closed in line with the recent Government Guidelines for the duration of the lockdown .

We are seeing patients at The Wharfedale Clinic ,Barden House, 50 Park Road, Guiseley, LS20 8AR working with Sports Physician Martyn Speight.

As you might expect, to make the clinic safe for our patients and staff, we have had to make some changes to the way we work. We have set out below important changes to the way we will operate. Please read this note through as we have had to implement new measures that will impact any visit to the clinic. If you have any questions please let us know - where we can, we will be happy to accommodate your concerns.

Please be assured that we are taking full account of current government and national body recommendations. We want to assure you, that despite these new arrangements, you are our priority and will continue to receive the full attention and expertise of our Physios.

Before your appointment at the Clinic

You will already have received an email link to your registration form which directs you to read this patient journey. There is also a link to our Covid-19 screening form which you will be asked to print off prior to your first visit. This will be signed and dated when you are temperature checked on each entry to the clinic. If you require a chaperone they must also fill out a Covid Screening form and be temperature checked.

Please note that some **initial** appointments will be **virtual** based on the screening information that you have provided. This will be decided at the triage call that your physiotherapist will make prior to you attending our clinic.

Clinic appointments

Arrival - Please arrive at the main entrance of the building at the time of your appointment. Weather permitting, **please remain outside until your physio comes to collect you.**

Our uniform - Your Physio will be wearing full PPE, including a face mask. We realise this may seem impersonal but, we hope you'll understand, it is for everyone's safety.

No Changing Facilities– **please come dressed appropriately for your appointment.** For reference, there are toilets available for patient use.

Temperature Checks – before your appointment can proceed, your Physio will perform a forehead temperature check. This does not require contact and is almost instant. Unfortunately, if you are showing a high temperature, we will not be able to treat you on that day.

Hand Sanitiser and Masks – following a satisfactory temperature check we will ask you to sterilise your hands with sanitiser and you will be asked to swap your mask to a new/clean surgical mask on entrance , both of which your physio will be able to provide. To fulfil our obligations, we do require that *you wear one of our masks for the duration of your time in the clinic.* This will be applicable to every appointment to maximise your safety.

Your belongings - There will be a box available in each treatment room for you to place your belongings in.

Clinic Hygiene – Please note there is a gap between appointments to allow for the rooms and surfaces to be thoroughly cleaned.

Towels - **Please bring 2 of your own clean towels (1 x small and 1 x large) to place on the physio bed for your comfort.**

Payment – Please note that we can only accept payment by **bank/credit card** or **via secure stripe payment system.** We are currently unable to accept cash. *A small surcharge of 3.00 will be added to your appointment charge to cover the costs incurred by us in order to protect your safety and of those around you.*

We realise that the above arrangements are not ideal and may cause some inconvenience. However, we very much look forward to welcoming you back into the clinic and assisting with your treatment. If you have any questions or concerns, please give us a call on 0113 2687578.
